Development and Management of Water Resources in China and Africa

An active platform of international communication and exchange on water science & technology with keynote speakers from both China and Africa

The issues to be discussed include:

- Exploration and development of water resources (surface & ground water and Karst water)
- Management & sustainable utilization of water resources
- Integration water resources management
- Promotion of close collaboration between China and Africa

Important Date:

Abstract submission date:

22 August, 2014

Article accepted date:

15 September, 2014

Registration closing date:

30 September 2014
